

Dear Ma'am or Sir

We are writing the letter of recommendation for Kate Ahern. Our names are Sue Bray and Isabel Borsso and David Bray is my son and grandson and he is a student of Kate's. We would like to tell you a few things about her.

She is a wonderful person. She has had David for a summer program and a full year school term.

Kate pushed David in all his goals and didn't give into his tantrums. And my son is a very stubborn and picky person when it comes to certain things. Kate was great in breaking through his barriers.

David was always very happy to see her in the morning when I dropped him off at school.

Kate is also excellent with coming up with ideas to challenge her students. I say students because David has progressed so much while under Kate's teaching that I know her other children are also doing very well.
